

CUSTOMER REFERRAL PROGRAM

In an effort to better support our customers and your growth, beginning December 2019, Isagenix will be offering products for retail purchase on Isagenix.com to customers in the Australia and New Zealand. This new 'Buy Now' feature gives customers a chance to try any Isagenix product without purchasing from outside web stores such as eBay where product quality and safety cannot be guaranteed. As a result of this new feature, Isagenix is excited to announce the Customer Referral Program.

Customers who make retail purchases through Isagenix.com will be connected to qualified Isagenix leaders in the Customer Referral Program. The qualified leader will receive the business volume of the retail order placed and the customer's contact information to provide product support, recommendations, and coaching. These customers are paying retail price and are not being required to open an Isagenix account nor being placed in a business centre organisation. This is an opportunity for leaders to continue to share their experience and product knowledge with retail customers to help them become Isagenix customers for life.

Receive the business volume of an Isagenix.com retail customer's completed order AND the retail customer's contact information.

12 OPPORTUNITIES TO PARTICIPATE IN THE CUSTOMER REFERRAL PROGRAM EVERY YEAR!

Take part in the Customer Referral Program by qualifying during each of the 12 qualification periods throughout the year and receive referral customers in the corresponding benefits period. There is no limit to how many times you can participate! See example calendar below for qualification and benefits periods for 2020.

QUALIFY TO BECOME A CUSTOMER REFERRAL PROGRAM LEADER:

1. Achieve the recognition rank of Executive or higher.
2. Maintain Paid-As-Executive for all weeks in a qualification period. (Leadership Pool months).
3. Place a personal BV order of 100 or more and enrol two new members in the qualification period.
4. Remain in good standing with Isagenix. (Please see the terms and conditions for more information).

Upon qualification into the Customer Referral Program, you will be notified via email. As a qualified leader, you will begin receiving referrals during the corresponding benefit period and will automatically be assigned the completed retail order BV and customer's contact information. We are unable to guarantee the number of Referral Program customers, BV, or leads you will receive each month.

QUALIFICATION AND ELIGIBILITY CONT.

Associates with multiple business centres will only be allowed to participate in the Program based on their most recent business centre, regardless of whether their other business centre(s) would otherwise qualify for participation in the Program.

Spouses with separate business centres are both permitted to participate in the Program in their respective business centres, provided each business centre has independently met all of the requirements for participation.

Qualifying Associates may continue to participate in the Program for any number of months, provided they have met the qualification requirements outlined above.

The Program is currently available only to Associates in Australia and New Zealand.

Even if an Associate is otherwise eligible for the Program, participation in the Program is subject to approval by the Isagenix Compliance team and the Associate remaining in good standing with Isagenix. Isagenix may, at its sole discretion, elect to suspend or terminate the Program or any Associate's participation in the Program at any time.

RETAIL LEADS

When a retail customer makes a purchase directly from the Isagenix corporate website through the 'Buy Now' feature, the business volume ('BV') and customer contact information from that sale (together a 'Retail Lead') will be assigned to a Qualifying Associate, who will be notified of the assignment via email.

Qualifying Associates will be assigned a position on a list based on the date that Associate qualified for the program. When a retail order is placed, the corresponding Retail Lead will be assigned to the next Associate on the list until the last member of the list has received a Retail Lead, at which point the next Retail Lead will be assigned to the Associate in the first position on the list. For additional details on how we determine how each Retail Lead will be assigned, please see the Customer Referral Program FAQs.

Although Qualifying Associates will be eligible to receive credit for Retail Leads under the Program, there is no guarantee of the number of Retail Leads or BV that will be assigned to any Qualifying Associate. Each Retail Lead will be assigned to only one Qualifying Associate. For purposes of calculating any benefits available under the Isagenix Compensation Plan, any BV assigned via the Program will be treated as if the Associate to whom the BV was assigned made the corresponding retail sale through that Associate's replicated website. No retail direct profit will apply to this order.

Associates credited with a Retail Lead that is subsequently returned or canceled will have all associated BV from the Retail Lead revoked and will not receive a replacement Retail Lead.

Qualifying Associates may receive a Retail Lead from a retail customer who is not interested in an Isagenix membership. If an Associate receives a Retail Lead from a retail customer who does not subsequently enrol, the Associate will still receive the BV from the sale but will not receive a replacement Retail Lead.

RETAIL LEADS CONT.

Qualification for and participation in the Program does not grant any Associate a guaranteed number of Retail Leads, any guaranteed amount of BV, or any guarantee that a retail customer will enrol with Isagenix and make additional purchases. Isagenix also does not guarantee that contact information for retail customers generated through the Program is accurate or will result in an enrolment or additional sales.

Receiving retail customer contact information does not create any sort of exclusivity, and any retail customer who is not enrolled by the Qualifying Associate may still be enrolled by another Associate. If that retail customer places a subsequent order directly through Isagenix, another Qualifying Associate may receive that retail customer's contact information on the subsequent order and enrol the retail customer.

Retail orders made through the Isagenix website cannot be converted to wholesale orders. If a retail customer makes a purchase through the Isagenix website and is subsequently enrolled by an Associate, the new customer's first order after enrolment will be considered the new customer's initial order. Associates should not encourage retail customers to return retail product orders and reorder products as a Member.

When contacting retail customers, Associates must ensure they comply with the Isagenix Policies and Procedures and ensure they do not misrepresent Isagenix products or the Isagenix income opportunity.

Retail customers who elect to provide their information for contact may choose not to be contacted at any point in the process.

Associates must stop contacting the customer immediately after receiving notice that the customer no longer wants to be contacted. If Isagenix receives notice that an Associate has contacted a customer after that customer has opted out, that Associate may be subject to disciplinary action at Isagenix's discretion, including but not limited to suspension from participating in the Program and removal from Program eligibility.

For questions, please contact Isagenix Customer Service AU 1300-651-979 or NZ 0800-451-291.
