

A close-up photograph of several large, vibrant green leaves, likely from a plant like a banana or similar, filling the entire frame. The leaves are layered, with some in sharp focus and others blurred in the background, creating a sense of depth and texture. The lighting is bright and natural, highlighting the veins and edges of the leaves.

Weight loss should not be considered typical. In a study performed in 2012 by University of Illinois at Chicago researchers, subjects lost an average of 4.1 kg with an average of 0.9 kg of the loss from visceral fat after 30 days on an Isagenix system. The subjects also had a greater level of adherence and had more consistent weight loss from week to week compared to subjects on a traditional diet.

Earning levels for Isagenix Independent Associates discussed here should not be construed as typical or average. Income level achievements depend on individual Associate's business skills, personal ambition, time, commitment, activity and demographic factors. # Results You Can't Get Anywhere Else™

Guarantees and assurances seem to lead the advertising of so many health and wellness companies. We're not here to promise the impossible and we're not here to mislead, overpromise or underdeliver.

Our mission is to empower people like you to live the life you want, through physical and financial transformations. We provide our Members with the opportunity to build a legacy and lifestyle, not a quick fix.

Thousands of people see lasting results they can maintain for a lifetime using Isagenix, our programs and support. We share a community that will stand behind your success, cheering relentlessly as you cross the finish line and beyond. From your very first product experience, we consider you part of the Isagenix family.

We offer Results You Can't Get Anywhere Else™. Thousands of people across the world have shed millions of collective kilos, reclaimed healthier lifestyles and built prosperous futures for their families with the help of the Isagenix System. Whether you share these goals or are seeking something entirely different, we're glad you found us.

# HOW ISAGENIX WORKS

You're on a journey to better your health – and feel great in the process – and we're here to help you get there! Isagenix uses Shake Days and Cleanse Days to reset your metabolism and help you achieve your goals.

## SHAKE DAYS

On a Shake Day, you eat one well-balanced meal and replace the other two meals with delicious, nutritious Isagenix shakes. To help satisfy any cravings in between meals, you can enjoy a couple of our calorie-controlled snacks. Plus, we offer a few select supplements to help support your metabolism and help protect you against the negative effects of stress.

Unlike many rigid programs, the Isagenix System is flexible and is designed to become part of your daily schedule – no matter how busy life gets.

After completing your first few Shake Days, you're ready for a Cleanse Day.

## CLEANSE DAYS

A Cleanse Day gives your body the opportunity to experience the benefits of intermittent fasting and detoxification while still making sure you get nutritional support. You'll drink Cleanse for Life® throughout the day and help keep hunger at bay with approved snacks.

When you purchase an Isagenix Pack, you'll receive a System Guide to guide you through your Shake Days and Cleanse Days. Use it as a reference on your journey and keep it with you as you track your results!

The combination of Shake Days and Cleanse Days is unique and truly a game changer for your health. But, don't just take our word for it; there's science behind every product we offer.

**IMPORTANT REMINDER:** You should consult your GP before starting this or any other fitness or weight loss efforts to determine what is right for you. If you are pregnant, breastfeeding, diabetic, on medication or have a medical condition, consult your GP before using Isagenix products or making any other dietary changes. You should always follow your GP's advice. If you experience faintness, dizziness, pain, shortness of breath or other adverse events at any time, you should stop immediately and seek appropriate medical care.

## A COMMITMENT TO SCIENCE

Since its inception, Isagenix has led with science-backed products. We continue to put our products to the test in discovering how they can benefit health. By partnering with well-respected universities and laboratories in funding and conducting clinical studies, Isagenix is contributing to evidence-based nutrition research while also providing clinical evidence that Isagenix systems promote healthy weight loss and healthy living.

# INGREDIENT POLICY

Healthy, Safe, Transformative

No matter how much we grow, our no-compromise commitment to the quality of our products and ingredients will never change. Product quality – and your health – is our highest priority.

We focus on rigid third-party testing and the sourcing of only the highest-quality, no-compromise ingredients.

Our products use no artificial sweeteners, colours or preservatives and most of our products are gluten-free.

At the end of the day, if it's not right for you as the Customer, then it's not right for us as a company.
